

Hellenic Genealogy Conference Coming to Salt Lake City
First-Ever to be Held in the Western U.S.

Salt Lake City, UT – People researching their Greek family history will gather in Salt Lake City on Saturday, September 26, 2015, for a full day of lectures and activities. This is the first-ever Greek genealogy conference held in the western U.S.

***The event will be held at the Hellenic Memorial Building (Holy Trinity Cathedral)
279 South 300 West, Salt Lake City, UT 84101, from 9:00 a.m. – 5:00 p.m.***

Attendees will learn effective strategies and contemporary resources for genealogical research in Greece. An important component will be to invalidate the prevalent but false myths that Greek records have been destroyed, and to demonstrate where and how historical and genealogical documents in Greece can be accessed both online and on-site at libraries, archives, and other repositories.

The keynote speaker will be Dr. Lica Catsakis who will address the topic, “The Evolution of Hellenic Genealogy: Then and Now.” Conference topics cover a multitude of subjects, such as: accessing civil and church records in Greece; using U.S. records to find key genealogical information such as surnames and villages; reasons behind the wave of immigration in the early 1900’s; the Revolution of 1821 and its impact on ancestors; and DNA in Greek Research.

Registration and Details

There is a \$25 fee which includes breakfast and a catered lunch. Email: hellenicgen@gmail.com. Details and registration forms can be accessed at the conference website:
